

MACWORLD INTRODUCES “APPLE TV SUPERGUIDE”

Indispensable resource is a comprehensive guide to the Apple TV; available for sale now.

SAN FRANCISCO, CA—May 11, 2007—[Macworld](#), the world’s foremost authority on Apple’s revolutionary products, announced the release of the [Macworld Apple TV Superguide](#), the latest installment of its popular Superguide series. Developed by *Macworld’s* award-winning editorial team, the “[Apple TV Superguide](#)” provides tips, tools, and a complete how-to guide for operating Apple’s exciting new Apple TV hardware, which connects television sets to the music, video, and photos stored on a Mac or Windows PC. Commercially available in three formats, the Superguide can be downloaded immediately as a PDF for \$12.95, or purchased as a CD-ROM for \$15.00 or full-color book for \$24.99 (price for CD-ROM and book includes shipping and handling). All versions are available now at: <http://www.macworld.com/2806>.

“The Apple TV is designed to take everything from your computer and bring it right into your living room via an easy, remote-control-driven interface,” said Jason Snell, VP/Editorial Director of *Macworld*. “And the ‘[Apple TV Superguide](#)’ will help you get the most out of your Apple TV with tips and advice about set-up and operation.”

Edited by *Macworld* Senior Features Editor Kelly Turner, the Superguide boasts a collection of the most important and indispensable advice for Apple TV owners. Complete with information on everything from set-up, navigation and troubleshooting to managing your media, this valuable resource offers consumers everything they need to know about operating their Apple TV. Written in a straightforward, easy-to-follow format, the Superguide speaks to Mac and PC users at all levels.

The [Macworld Apple TV Superguide](#) is the fourth release in the Superguide series. Other Superguides currently available for sale include the [Macworld Mac Basics Superguide](#), [Macworld Digital Photography Superguide](#), and the [Macworld iPod and iTunes Superguide](#):
